PMAC-6: Date: 9 MARCH 2023

Agenda

- To review the report of the Internship Review Sub-Committee.
- To assess the implementation, completion, learning outcomes, and professional exposure gained through internships.
- To review student feedback and identify areas for improving internship opportunities.
- To recommend measures for strengthening experiential learning and professional development.

Meeting Proceedings

Agenda 1: Review of Internship Review Sub-Committee Report

The report of the Internship Review Sub-Committee was reviewed and discussed.

Agenda 2: Assessment of Internship and Professional Exposure

The implementation, completion, learning outcomes, and professional exposure gained through student internships were reviewed.

Agenda 3: Review of Feedback and Improvement Areas

Student feedback regarding internship experiences was discussed, and areas requiring improvement in internship opportunities and monitoring were identified.

Agenda 4: Strengthening Experiential Learning

The committee recommended measures to strengthen internship activities and enhance experiential learning and professional development opportunities.

Action Taken Report (ATR)

Internship activities were systematically monitored, and records related to internship completion, student participation, and feedback were maintained. Measures were initiated to improve internship monitoring, documentation, student feedback, and professional exposure.

Recommendation / Matter for Reporting to the Board of Studies

The committee recommended strengthening internship monitoring, documentation, student feedback mechanisms, and professional exposure to enhance experiential learning and industry readiness.

Review and approval of Programme outcomes (PO) and Programme specific outcome (PEO) attainment analysis 2018 Batch (2021-22)

Conclusion

Internship activities were reviewed and recommendations were made to improve experiential learning and professional exposure.

PMAC-8: 14 JANUARY 2024

Agenda

- To review the report of the Laboratory Development and Improvement Sub-Committee.
- To assess the adequacy of laboratory facilities, equipment, and practical learning resources.
- To identify gaps and requirements for laboratory maintenance, upgradation, and development.
- To recommend measures for improving practical learning facilities.

Meeting Proceedings

Agenda 1: Review of Laboratory Development Sub-Committee Report

The report of the Laboratory Development and Improvement Sub-Committee was reviewed.

Agenda 2: Assessment of Laboratory Facilities

The adequacy of laboratory facilities, equipment, and practical learning resources was discussed.

Agenda 3: Identification of Development Requirements

Gaps and requirements related to laboratory maintenance, equipment, upgradation, and development were identified.

Agenda 4: Improvement of Practical Learning Facilities

The committee recommended appropriate measures for improving laboratory facilities and strengthening practical learning resources.

Action Taken Report (ATR)

Laboratory facilities and equipment requirements were reviewed, and the identified maintenance, repair, and development requirements were documented. Necessary measures were initiated for improving laboratory facilities and strengthening practical learning resources.

Recommendation / Matter for Reporting to the Board of Studies

The committee recommended continuous development, maintenance, upgradation, and strengthening of laboratory facilities and practical learning resources to support effective Value added course for the Academic year 2025-26

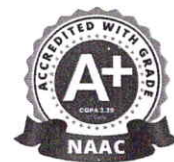

Conclusion

Laboratory facilities were reviewed and recommendations for development and improvement were made.

PMAC-10: 19 JULY 2025

Agenda

- To review the overall reports and outcomes of all PMAC sub-committees.
- To assess the effectiveness of programme assessment activities, including academic performance, research, internships, student development, laboratory facilities, and feedback.
- To review the impact of corrective and improvement measures implemented.
- To recommend further measures for continuous improvement of the B.Pharm programme.

Meeting Proceedings

Agenda 1: Review of Overall Sub-Committee Reports

The overall reports and outcomes of all PMAC sub-committees were reviewed.

Agenda 2: Assessment of Programme Activities

Academic performance, research and projects, internships, augmented learning, professional activities, laboratory facilities, and feedback were reviewed as part of the comprehensive programme assessment.

Agenda 3: Review of Improvement Measures

The committee reviewed the corrective and improvement measures implemented based on previous assessment findings.

Agenda 4: Recommendations for Continuous Improvement

Priority areas for further improvement were identified, and recommendations for continuous improvement of the B.Pharm programme were discussed.

Action Taken Report (ATR)

The activities and recommendations of all PMAC sub-committees were consolidated and reviewed. The implementation and effectiveness of previously recommended corrective and improvement measures were also reviewed.

Recommendation / Matter for Reporting to the Board of Studies

The committee recommended continued implementation of outcome-based programme assessment and appropriate corrective measures for continuous improvement of academic performance, research, internships, professional development, laboratory facilities, and stakeholder satisfaction.

Conclusion

A comprehensive review of programme assessment activities was conducted and further improvement measures were recommended.
